2. Vocabulary	Q1-6 multiple choice Q7-10 Word Box (handwritten)	10 x 2 = 20	AI -> teacher check	Q7-10 use the spelling rule below (2 / 1 / 0)
3. Grammar	Q1-10 (multiple choice)	10 x 2 = 20	AI (answer key) -> teacher check	
4. Speaking	4 criteria x 5	20	Teacher only (live)	AI cannot hear speaking; enter scores in the review screen
5. Writing	4 criteria x 5	20	AI first pass -> teacher review	Same topic as Speaking, at least 5 sentences
Total		100		Nothing is shown to parents until the teacher marks it Reviewed

A. Answer Key and Multiple-Choice Rules (Reading, Vocabulary Q1-6, Grammar)

No.	Reading	Vocabulary	Grammar
1	A small	B heavy	B an
2	A Bill	A protect	C she is
3	C cookies	B finally	C at
4	D a dog	C choose	B many
5	B Bill's best friend	B fast	C any
6	D playing	B very big	C quietly
7	A up to his neck	escape (written)	D bigger
8	B sound	enormous (written)	D before
9	C scared	danger (written)	D to watch
10	A to protect her babies	disappear (written)	C have never seen

Situation	Score	Rule
Correct letter circled / written, or the correct word written instead of the letter	2	Full marks.
Answer erased or crossed out and a new answer clearly marked	2 / 0	Score the final, clear answer only.
Two or more answers marked with no clear correction	0	Mark "needs teacher check" so the teacher can confirm.
Mark is faint, partly outside the choice, or unreadable on the scan	-	AI must not guess: give a provisional 0 and flag "needs teacher check".
Blank	0	

B. Vocabulary Part 3 (Q7-10): Word Box - Handwritten Answers

Score	Criteria	Examples (Q7 = escape)
2	Correct Word Box word in the correct form. Capital letters are ignored.	escape, Escape
1	Correct word with ONE small spelling slip (one letter missing, extra or swapped) that is still clearly the word; OR the correct word in the wrong form.	escap, excape, escaped (Q8: enormus, Q9: danjer, Q10: disapear)
0	Wrong Word Box word, the distractor "return", a word not in the Word Box, two or more spelling errors, or blank.	danger (in Q7), return, run

Each Word Box word is used once. If a student writes the same word in two blanks, score each blank on its own (only the correct one earns points).

C. Speaking (20 points) - scored live by the teacher

The student chooses ONE topic and speaks in at least 5 full sentences (15 minutes). Give each criterion a whole number from 0 to 5. Scores 4 and 2 sit between the anchor descriptions of the original rubric (5 / 3 / 1).

Criteria	5	4	3	2	1
Content	Stays on the chosen topic; 5+ full sentences; 2+ specific details or reasons	On topic; 5 sentences; details are simple or general	3-4 sentences, or only some relevant details	1-2 sentences, or mostly single words and phrases	Very limited: a few words, needs heavy prompting
Fluency	Smooth and confident; natural pace	Occasional short pauses; quick self-correction	Some pauses and restarts but keeps going	Frequent long pauses; needs prompts to continue	Very halting, word-by-word
Language Use	Accurate sentences with variety (and, because, adjectives)	Mostly accurate; some variety	Some errors (tense, a/an, plurals); meaning is clear; simple patterns repeated	Frequent errors; meaning sometimes unclear	Errors block meaning
Pronunciation	Clear and easy to follow	Clear; a few sound errors	Generally understandable; listener makes some effort	Often hard to understand	Difficult to understand

Score limits. 0 = no response for that criterion. Fewer than 5 sentences: Content max 3. Fewer than 3 sentences: Content max 2. Talking about a topic that is not one of the three: Content max 2. Korean words earn no credit; if the answer is mostly in Korean, Content and Language Use max 1.

D. Writing (20 points) - AI first pass, then teacher review

Same topic as Speaking, at least 5 sentences (15 minutes). Required elements by topic: **Topic 1** favorite animal + why + 3 facts; **Topic 2** favorite hobby + why; **Topic 3** beach or mountains + 2 reasons.

Criteria	5	4	3	2	1
Content	All required elements plus extra detail; 5+ sentences	All required elements; 5+ sentences; details simple	One required element missing, or only 3-4 sentences	1-2 sentences, or mostly off topic	A few words, or the prompt copied
Organization	Opening sentence, ideas in logical order, closing sentence; linking words (first, also, because, so)	Logical order and an opening sentence; few linking words	Partly organized; reads like a list	Ideas are disconnected	Random words or phrases
Language Use	Accurate and varied sentences and vocabulary	Mostly accurate; some variety	Some errors; meaning is clear; simple, repeated patterns	Frequent errors; meaning sometimes unclear	Errors block meaning
Mechanics	Capital letters (sentence start, "I") and end punctuation in every sentence; spelling of common words correct (0-1 error)	2-3 errors in total	4-6 errors; still easy to read	7+ errors; harder to read	Errors throughout; no clear sentence boundaries

Score limits. 0 = blank or nothing readable. Fewer than 5 sentences: Content max 3. Fewer than 3 sentences: Content max 2. Copied prompt text does not count as a sentence. A different topic from Speaking: Content max 4 and note it in the comment. Korean words earn no credit. Words the AI cannot read on the scan are flagged "needs teacher check" instead of being counted as errors.

E. How My KHIA Uses This Guide

Step	What happens
1. Upload	The teacher uploads each student's completed test (PDF or phone photos of every page).
2. AI first pass	AI scores Reading, Vocabulary, Grammar and Writing with this guide and writes feedback in English. Uncertain items are flagged "needs teacher check".
3. Teacher review	The teacher checks flagged items, adjusts any score, and enters the four Speaking scores.
4. Report	After the teacher marks the test Reviewed, the English score report (section scores, chart, comments) becomes available to parents.
